(a wholly-owned subsidiary of LOTOS Czechowice S.A. in which Grupa LOTOS S.A. holds 80.04% of shares) concluded an agreement on supply of methyl esters to Grupa LOTOS S.A. The agreement, whose five-year value is estimated at PLN 1,700,000 thousand, has been concluded for an indefinite term. The agreement provides for contractual penalties in the event of default. The maximum amount of such penalties is 10% of the VAT-inclusive value of goods. Payment of contractual penalties does not exclude the parties' right to seek compensation in excess of the penalties. The other terms of the agreement do not differ from provisions commonly applied in agreements of such type.

The agreement is deemed significant as its estimated value exceeds 10% of the equity of Grupa LOTOS S.A.

### **Purchase of Interests in Norwegian Production Licences**

On May 20th 2008, LOTOS Exploration and Production Norge AS signed an agreement with Norwegian company Revus Energy concerning purchase of 10% of interests in the North Sea production licences No. 316, 316B, 316CS and 316DS. The purchased licences cover the YME field and an additional exploration area.

The YME field is located 110 km off the coast in the southern part of the Norwegian sector of the North Sea.

The recoverable crude oil reserves of the YME field which correspond to the 10% interest held by LOTOS E&P Norge AS, are estimated by the operator (Talisman) at 6.8 million bbl (about 900 thousand tonnes). Production from the field is expected to start in the second half of 2009.

The value of the transaction is USD 52.5 million (i.e. PLN 114,770 thousand translated at the USD/PLN mid exchange rate published by the National Bank of Poland for May 20th 2008). The acquisition of rights to tax exemptions held by the seller in connection with the investments made, accounts for about 20% of the price.

The agreement will take effect after its approval by the General Shareholders Meeting of Petrobaltic S.A. (controlled by Grupa LOTOS S.A. in 69%) and the Norwegian Ministry of Energy and Crude Oil. The Ministry can only issue its approval after the process of formal prequalification of E&P Norge AS to conduct business on the Norwegian Continental Shelf is completed.

After the abovementioned conditions are fulfilled, the transaction will be settled taking into account the purchase price (USD 52.5m), the advance payments made (as at June 30th 2008 - USD 2,625 thousand) and the amount corresponding to the 10% share of LOTOS Exploration and Production Norge AS in the capital expenditure

**Updated “Strategy of the LOTOS Group until 2012”**

On June 16th 2008, the Supervisory Board of Grupa LOTOS S.A. approved the updated “Strategy of the LOTOS Group until 2012”. In line with the updated Strategy, the Group will continue its policy focused on stimulating sustainable development of its core business, with an overriding strategic goal of creating value for shareholders.

The “Strategy of the LOTOS Group until 2012” was updated with respect to key objectives for each of the three main areas of the Company’s operations:

- exploration & production segment,
- operating segment,
- marketing segment.

**1. Key Objectives of the Updated Strategy in the Area of Exploration & Production Are to:**

- improve security of crude oil supplies processed by the refineries by securing direct access to hydrocarbon reserves,
- achieve stable growth of hydrocarbon production by 2012 through the implementation of programmes aimed at increasing production rates from the Baltic Sea deposits, which are covered by licences held by Petrobaltic S.A., as well as through the execution of new projects outside of Poland,
- increase the share capital of Grupa LOTOS S.A. by way of a contribution in-kind of shares in Petrobaltic S.A. held by the State Treasury.

According to the updated Strategy, the total output of the exploration & production segment will reach at least 10% of the LOTOS Group’s crude throughput volume in 2012 and will rise above 20% by 2015. The average ROACE (return on average capital employed) for the whole segment will be over 15%. The related investment expenditure in 2006-2012 is estimated at PLN 5.1bn.

**2. Key Objectives of the Updated Strategy in the Operating Area**

In the operating area, the key objective is to improve the economic effectiveness of crude oil processing, through increasing throughput volumes, with a concomitant increase in the conversion ratio and reduction in sulphur content. To this end, we are implementing the two-stage 10+ Programme. Additionally, the Group will build the necessary facilities which are not covered by the scope of the 10+ Programme, while upgrading some of the existing units.

These projects will yield the following outcomes:

- the annual crude processing capacity will have risen to 10.5 million tonnes, with a concomitant increase of the conversion ratio,
- universal configuration of the facilities will allow the Company to produce various types of fuels in response to market demand,
- the production of heavy fuel and bunker oil with high sulphur content will be minimised to comply with new environmental regulations which are being implemented,
- the Company will have gained more flexibility with respect to its overhaul policy, and thus the operational availability of its production units will increase,
- the existing fuel storage depots will be expanded and new logistics infrastructure will be created for shipment of large consignments by sea,

*(This is a translation of a document originally issued in Polish)*

**THE LOTOS GROUP**  
**Notes to the condensed consolidated financial statements**  
**for the three and six months ended June 30th 2008**

---

- it will become possible to simultaneously process various types of crude oil,
- the LOTOS Group's competitive position in relation to other European refineries will improve.

The expenditure on the implementation of the strategic objectives in the operating area in 2006-2012 is estimated at approx. PLN 6.7bn, including approx. PLN 5.2bn for the implementation of Stage I (scheduled for 2006-2010) of the 10+ Programme.

**3. Key Objectives of the Updated Strategy in the Marketing Segment Are to:**

- secure a 30% share in the Polish market of fuels by 2012,
- secure a 40% share in the Polish market of aviation fuels by 2012,
- enhance LPG sales efficiency,
- secure a 10% share in the retail market of fuels by 2012,
- enter the self-service filling stations segment,
- secure a 20% share of sales of fuels on motorways, once the main stage of the motorway construction programme is completed,
- expand the Group's network of filling stations by flexibly taking advantage of market opportunities, including opportunities for organic and non-organic growth.

The estimated expenditure on the strategic objectives in the marketing area in 2006-2012 may reach PLN 1.1bn.

**4. Key Objectives of the Updated Strategy in relation to Financial Activities**

It is assumed that the Company will use external financing to fund the implementation of its strategy, however, the debt to equity ratio should not at any time be higher than 0.8.

The assessment of effectiveness of the LOTOS Group's operations will be based on an analysis of the EBITDA margin (excl. excise duty) and return on capital employed, whose value until 2012 should not be lower than 9% and 12%, respectively.

According to the LOTOS Group's strategy, the aggregate capital expenditure in 2006–2012 will total approx. PLN 12.9bn.

The payment of dividend will be dependent on the optimisation of the financing structure of the LOTOS Group. During the implementation of the key strategic programmes, the dividend will not exceed 10% of net profit. Following the implementation of the programmes, the dividend is intended to grow up to 30% of net profit. The dividend policy for subsidiary undertakings is determined by the Management Board of Grupa LOTOS S.A., upon taking into consideration their financial standing and development programmes.

**5. Development Directions for 2013–2020**

The most important step aiming at increasing the Company's value – following the implementation of the strategic objectives until 2012 – is the development of the exploration and production segment, and the strengthening of the market position. The projects under consideration include:

- continuation of efforts aiming at increasing crude oil production, to exceed 20% of the processing capacities by 2015, with an upward trend in the subsequent years,
- construction of a heavy residue gasification unit, focused on hydrogen and energy carrier generation – Stage 2 of the 10+ Programme,
- launch of new-generation biofuel production,
- CO<sub>2</sub> sequestration – depositing CO<sub>2</sub> in geological structures,
- continuation of activities supporting construction of underground storage facilities for oil and petroleum products (caverns),
- development of technologies contributing to margin growth.

1. On May 18th 2001, PETROECCO JV Sp. z o.o. brought an action against the Company whereby it seeks the courts' decision awarding an amount of PLN 6,975 thousand, together with statutory interest since May 1st 1999, as compensation for damage incurred as a result of the Company's monopolistic practices, which involved selling BS base oils in a manner favouring some customers, whose orders were executed to a disproportionately higher extent than the orders of PETROECCO JV Sp. z o.o.

The alleged use of the monopolistic practices by the Company was confirmed by a decision of the Competition and Consumer Protection Office of September 26th 1996, in which the Office ordered the Company to abandon such practices. The Company appealed against the decision. The Provincial Court of Warsaw – the Anti-Monopoly Court, changed, by virtue of its decision of October 22nd 1997, only the wording of the decision and ordered the Company to abandon monopolistic practices. The cassation complaint against this decision filed by the Company was dismissed by the Supreme Court by virtue of its decision of June 2nd 1999.

The Regional Court of Gdańsk, by virtue of its decision of December 21st 2002, dismissed the action for compensation, fully complying with the Company's objection referring to the statute of limitation. However, this decision was overruled on December 4th 2003 by the Gdańsk Court of Appeals, in case No. I ACa 824/03, and submitted for re-examination by the Regional Court of Gdańsk. The Court of Appeals found that the reference to the statute of limitation was not justified. According to the Court, it was only on June 2nd 1999 (the date of the Supreme Court's ruling) that PETROECCO JV Sp. z o.o. became aware that the damage it incurred resulted from monopolistic practices giving rise to the Company's liability in tort, and it is as of that date, in the Court's opinion, that the three-year period of limitation of compensation claims should be counted.

The case is pending before the Regional Court of Gdańsk (First Instance Court) and its file No. is IX GC 134/04. The Company defends itself by raising objections as to the merits of the case (it questions the fact that any damage was incurred by PETROECCO JV Sp. z o.o., the amount of the alleged damage, and the existence of the cause and effect relationship between the monopolistic practices and the damage). Following the hearing of June 2005, the Regional Court of Gdańsk ordered a court expert in accountancy and economics to draw up a report concerning the extent of the damage which the plaintiff incurred as a result of Grupa LOTOS S.A.'s activities. In the issued opinion, the expert witness indicated that based on the materials presented by PETROECCO JV Sp. z o.o. it was impossible to establish the amount of the losses or even state whether the losses were actually incurred. Besides, the expert pointed out that an opinion should be requested from an expert witness in a field other than accountancy. The lack of evidence required to issue such an opinion prevented the plaintiff from causing the appointment of another expert witness. The hearing was held on March 27th 2007. The ruling was scheduled to be announced on April 10th 2007, then postponed until April 20th 2007. Pursuant to the ruling of April 20th, the suit was dismissed. On May 17th 2007, the Company filed an appeal against the decision on the cost of the proceedings. On June 4th 2007, Petroecco filed an appeal against the ruling issued on April 20th 2007. On August 12th 2007, the Company submitted its response to the appeal. On December 20th 2007, the Court dismissed PETROECCO JV Sp. z o.o.'s appeal against the decision of the Regional Court. On March 19th 2008, an enforcement motion was filed with a Court Enforcement Officer against PETROECCO JV Sp. z o.o. The enforcement proceedings are pending. On April 17th 2008, PETROECCO JV Sp. z o.o. lodged a cassation complaint against the ruling issued on December 20th 2007. The complaint was delivered to Grupa LOTOS S.A. on June 17th 2008. On June 30th 2008, Grupa LOTOS S.A. sent a response to the complaint. As at the date of publication of these interim condensed consolidated financial statements, the case was pending.

2. On November 3rd 2005, Grupa LOTOS S.A. was served a nullity suit submitted by the Minister of State Treasury, concerning the agreement of August 18th 1998 between Grupa LOTOS S.A. and Polska Żegluga Morska, a state-owned company, providing for the sale of two shares in Naftoport Sp. z o.o., valued at PLN 3,340 thousand. On April 21st 2006, the Regional Court in Gdańsk, IX Commercial Division, issued a ruling dismissing the claim in its entirety. On June 8th 2006, the Minister of State Treasury appealed against the ruling of April 21st 2006 which dismissed the Minister's petition to declare invalidity of the agreement of August 18th 1998. On June 30th 2006, the Company filed its response to the appeal. On December 28th 2006, the Court of Appeals passed a ruling reversing the challenged decision of April 21st 2006 and declaring the agreement on the sale of two shares in Naftoport Sp. z o.o. as invalid. On April 6th 2007, the Company filed a cassation complaint and a request to stay enforcement of the decision of the second instance. By virtue of the ruling of the Court of Appeals of Szczecin dated April 20th 2007, the request to stay enforcement of the decision of the second instance was dismissed. On August 10th 2007, the Supreme Court issued a decision to accept the

cassation complaint for consideration. On November 21st 2007, the Supreme Court issued a decision to remand the case back to the Court of Appeals in Szczecin. The hearing was held on May 7th 2008. The Court dismissed the claim in its entirety and decided that the costs of the proceedings in the amount of PLN 100 thousand would be returned to Grupa LOTOS S.A. The Court's decision became final with effect from May 7th 2008.

3. On July 30th 2007, Petrobaltic S.A. received a decision issued by the Permanent Court of Conciliation at the District Chamber of Legal Counsels in Gdańsk of June 11th 2007 in a case brought by Energobaltic Sp. z o.o. against Petrobaltic S.A. The dispute concerned performance of contract No. EB/PKT – 02/01/2001 of December 17th 2001, whereunder Petrobaltic S.A. was to design and construct a gas transmission line that would deliver gas from its drilling platform to the heat and power plant operated by the plaintiff in Władysławowo. The plaintiff alleged a delay in performance of the contract by the defendant and demanded payment of contractual penalties, whereas the defendant claimed to have performed the contract by the prescribed deadline. The aforementioned decision granted Energobaltic Sp. z o.o.'s claim in its entirety and awarded against the defendant an amount of PLN 1,424 thousand plus statutory interest for the period from July 3rd 2003 until the payment date, as well as an amount of PLN 30 thousand on account of court fees and PLN 7 thousand as reimbursement of the legal representation costs. Given this decision and in view of substantial uncertainty as to the success of a possible appeal, a provision of PLN 2,157 thousand was created. On October 29th 2007, Petrobaltic S.A. lodged a complaint with the Regional Court of Gdańsk to repeal the decision of the Court of Conciliation at the District Chamber of Legal Counsels in Gdańsk. A hearing concerning Petrobaltic S.A.'s claim to repeal the decision of the Court of Conciliation at the District Chamber of Legal Counsels in Gdańsk was held on April 9th 2008. By virtue of the decision of March 12th 2008, the Regional Court of Gdańsk, IX Commercial Division, dismissed the motion to stay enforcement of the decision of the Permanent Court of Conciliation at the District Chamber of Legal Counsels in Gdańsk, and by virtue of the decision of April 9th 2008, the Court dismissed Petrobaltic S.A.'s claim to repeal the decision of the Court of Conciliation at the District Chamber of Legal Counsels in Gdańsk. On April 10th 2008, Petrobaltic S.A. paid a part (PLN 666 thousand) of the amount awarded against it to the bank account of Energobaltic Sp. z o.o. Petrobaltic S.A. decided that the remaining portion of the amount awarded against it would be paid through a set-off of mutual claims under the electricity sales agreement, assuming that a result of the payment and the set-off, the claim expires. However, Energobaltic Sp. z o.o. refused to acknowledge the set-off; it decided to apply the amount paid by Petrobaltic S.A. towards the settlement of default interest, and to collect the remaining part of the principal amount due in court enforcement proceedings. On June 13th 2008, Petrobaltic S.A.'s bank account was attached and the amount of PLN 1,671 thousand was seized based on a notification on commencement of enforcement proceedings (file. ref. No. KM 1233/08). The enforcement was carried out by Court Enforcement Officer for Area III in Gdańsk at the request of Energobaltic Sp. z o.o. Petrobaltic S.A. filed action for payment of PLN 1,620 thousand against Energobaltic Sp. z o.o., which is pending before the Regional Court of Gdańsk, IX Commercial Division, file ref. No. IX GNc 257/08. The action was brought in connection with Energobaltic Sp. z o.o. having enforced an amount earlier paid by Petrobaltic S.A. in connection with the decision of the Court of Conciliation at the District Chamber of Legal Counsels in Gdańsk of June 11th 2007. As at the date of these interim condensed consolidated financial statements, the action for payment had not yet been examined and the order for payment had not yet been issued.

4. On March 30th 2006, LOTOS Paliwa Sp. z o.o received a decision of the Gdańsk Tax Office of March 28th 2006 relating to the determination of the value added tax liability for January 2005. Acting pursuant to Art. 109 of the Act on Value Added Tax of March 11th 2004 (Dz. U. No. 54, item 535, as amended), the Head of the Tax Office assessed an additional tax liability against the company, related to the settlement of the purchase of an organised part of business of LOTOS Gaz S.A. (formerly LOTOS Mazowsze S.A.). On July 25th 2006, LOTOS Paliwa Sp. z o.o. received decision of the Head of the Gdańsk Tax Chamber, dated July 21st 2006, in which the Head of the Gdańsk Tax Chamber revoked in full the decision of the Gdańsk Tax Office determining the value added tax liability for January 2005 and assessing an additional tax liability, and remanded the case for re-examination by the Gdańsk Tax Office. On July 6th 2007, LOTOS Paliwa Sp. z o.o. was notified of decision no. PV/4400-96/124/VT/06/AR issued by the Head of the Gdańsk Tax Office, stating that the amount of tax difference to be refunded to the company was exceeded by PLN 23 thousand and requiring the company to additionally pay PLN 7 thousand on account of tax. LOTOS Paliwa Sp. z o.o. decided not to appeal against the decision as it considered it favourable for the company. According to a previous decision relating to the same matter and issued on March 28th 2006 (decision no. PV/440-95/124/VT/AG), the Head of the Gdańsk Tax Office decided that the company had understated its tax liability by PLN 24,055

thousand and obliged the company to additionally pay PLN 7,850 on account of tax (the decision was later repealed by virtue of a decision issued by the Head of the Tax Chamber in Gdańsk on July 21st 2006).

On July 6th 2007, the Head of the Gdańsk Tax Office issued decision No. VT/440-185/07/WP/DP on instigation of tax proceedings against LOTOS Paliwa Sp. z o.o to investigate the correctness of VAT settlements for March 2005. On September 11th 2007, LOTOS Paliwa Sp. z o.o. received a decision of the Gdańsk Tax Office of September 10th 2007 relating to the determination of the value added tax liability for March 2005. Acting pursuant to Art. 109 of the Act on Value Added Tax of March 11th 2004 (Dz. U. No. 54, item 535, as amended), the Head of the Tax Office assessed an additional tax liability against the company, related to the settlement of the purchase of an organised part of business of LOTOS Gaz S.A. Decision No. PV/4400-170/185/VT/07/DP stated that the amount of tax difference to be refunded was exceeded by PLN 26,141 thousand and required the company to pay an additional PLN 7,842 thousand on account of tax for March 2005. The amounts specified in the decision were paid by LOTOS Paliwa Sp. z o.o. On September 24th 2007, the company appealed against the decision of the Gdańsk Tax Office.

On January 18th 2008, the Head of the Tax Chamber of Gdańsk issued decision No. PC/4407-660/07/13 upholding decision No. PV/4400-96/124/VT/06/AR of the Head of the Gdańsk Tax Office, dated September 10th 2007, stating that the excess of input VAT over output VAT for March 2005 was PLN 5,292 thousand and that the amount of tax difference to be returned was PLN 5,292 thousand, and requiring the company to additionally pay PLN 7,842 thousand on account of value added tax for March 2005.

On February 1st 2008, LOTOS Paliwa Sp. z o.o. appealed to the Provincial Administrative Court of Gdańsk against decision No. PC/4407-660/07/13 issued by the Head of the Tax Chamber of Gdańsk.

The decision concerns the right to reduce the tax amount due as settlement for the month in which the seller was provided by the buyer with a confirmation of receipt of an adjusting invoice, arising from settlement of the acquisition of LOTOS Gaz S.A., and compliance of additional tax sanctions in this respect with the constitution. As regards potential tax liabilities under the sanctions connected with the settlement of acquisition of an organised part of LOTOS Gaz S.A.'s business and corrections related to the VAT-7 tax returns, taking into account the results of legal and tax analyses, including the analysis carried out by external tax advisers, the Management Board of LOTOS Paliwa is of opinion that there is hardly any risk of unfavourable outcome of the dispute with the tax authorities, therefore no provisions were created in the financial statements with regard to these potential additional liabilities.

On June 24th 2008, a hearing was held before the Provincial Administrative Court of Gdańsk, whose judgement reversed the appealed decision of the Head of the Tax Chamber of Gdańsk and declared it unenforceable, awarding the costs of the proceedings against the Head of the Tax Chamber of Gdańsk.

5. At LOTOS Czechowice S.A., the Head of the Customs Office of Bielsko-Biała carried out an inspection to determine the correct amount of excise tax payable for the period from January 1st 2004 to September 30th 2004. On May 5th 2006, LOTOS Czechowice S.A. received four decisions issued by the Head of the Customs Office of Bielsko-Biała, determining the excise tax liability for January, February, and March 2004. The proceedings aimed at determining the excise tax liability for April 2004 were discontinued. On May 19th 2006, the company filed with the Director of the Customs Chamber an appeal against the aforementioned decisions as well as requests to stay execution of the decisions. In August 2006, the company received decisions issued by the Head of the Customs Office, which discontinued the proceedings concerning excise tax for May–September 2004. On October 17th 2006, LOTOS Czechowice S.A. received the decision of the Director of the Customs Chamber of Katowice, setting the deadline by which the appeals against the decisions issued by the Head of the Customs Office of Bielsko-Biała, determining the excise tax liability for January–March 2004, would be considered, i.e. December 13th 2006. amount of excise tax liability for January, February, and March 2004, passed by the Head of the Customs Office of Bielsko-Biała. The case is to be reconsidered by the first instance body. On November 19th 2007, the Company filed with the Provincial Administrative Court three complaints against the decisions issued by the Director of the Customs Chamber of Katowice which repealed the decisions of the Head of the Customs Office of Bielsko-Biała and remanded the cases back to the Head of the Customs Office of Bielsko-Biała. On April 2nd 2008, court hearings were held concerning the aforementioned complaints, and rulings were issued whereby the complaints were dismissed. LOTOS Czechowice S.A. requested written statements of reasons to be prepared for the said rulings. Having received the written statements of reasons, the Management Board resolved not to file a complaint to the Supreme Administrative Court. As a result, the cases were remanded back to the first instance body, i.e. to the Head of the Customs Office of Bielsko-Biała, and will be re-examined.

In relation to the potential excise tax liabilities for the period January–March 2004, taking into account the conducted legal and tax analyses, including the analyses carried out by external tax advisers as well as an expert witness designated by the Director of the Customs Chamber, LOTOS Czechowice S.A. is of opinion that there is very little any risk of unfavourable outcome of the dispute with the tax authorities, therefore no provisions were created in the financial statements with regard to these potential liabilities.

6. On April 12th 2006, the Head of the Customs Office in Bielsko-Biała instigated proceedings concerning LOTOS Czechowice S.A. to determine the correct amount of the excise tax payable for the period September 1st–December 31st 2003. Before conclusion of the proceedings, it is difficult to determine whether the excise tax liabilities will be reassessed, and if so, what their amounts will be. By virtue of the decision of March 19th 2006, the Head of the Customs Office in Bielsko-Biała set the deadline for resolving the case at May 30th 2007. By virtue of the decision of August 13th 2007, the Head of the Customs Office in Bielsko-Biała set another deadline for resolving the case – October 17th 2007. By virtue of the decision issued on January 1st 2008, the Head of the Customs Office of Bielsko-Biała set June 30th 2008 as the new date for resolving the case. By virtue of the decisions of June 27th 2008, the Head of the Customs Office of Bielsko-Biała set August 31st 2008 as the new deadline for resolving the case concerning excise tax payable for September–December 2003.

In relation to the potential excise tax liabilities for the period September–December 2003, taking into account the conducted legal and tax analyses, including the analyses carried out by external tax advisers as well as an expert witness designated by the Director of the Customs Chamber, LOTOS Czechowice S.A. is of opinion that there is very little risk of unfavourable outcome of the dispute with the tax authorities, therefore no provisions were created in the financial statements with regard to these potential liabilities.
